Milestone 1 - Gym Website (Static Info Site)

Purpose

A static front-end website that presents useful information for current and potential gym members, helping them understand the gym's services, classes, trainers, membership options, and contact details.

External user goals

Find important gym information quickly and clearly
Explore classes and weekly schedule
Learn about trainers and available support
Compare membership options
Find location, opening hours, and contact information

Site owner goals

Attract new members
Retain existing members through clear communication
Promote classes, trainers, and memberships
Encourage enquiries and sign-ups
Reduce repeated basic enquiries by answering common questions on the site

Scope

5 pages:
Home
Classes
Trainers
Membership
Contact

Responsive desktop and mobile layouts
Static front-end build using custom HTML5 and CSS3
